Career Foundry, UI/UX Design - Certificate of Completion

Berlin, Germany

2015 - 2018

Georgia State University Perimeter College, General Studies - Associate Degree

Atlanta, Georgia, USA

PROJECTS

PROJECT 1

JUKE80s - FOR DETAILS [CLICK HERE](#)

JUKE80s is an innovative mobile application meticulously crafted to offer users an immersive experience in the quintessential music of the 1980s. Targeted towards a demographic with a profound appreciation for the nostalgic rhythms of that era, this application serves as a sophisticated and interactive platform dedicated to the personalized streaming of 1980s music.

PROJECT 2

EV HUB - FOR DETAILS [CLICK HERE](#)

EV HUB is a sophisticated mobile app for electric vehicle owners, offering easy location of nearby EV chargers, real-time availability and wait times, optimized route planning with charger stops, and updates on charger status for efficient charging management.

PROJECT 3

REBOOT - FOR DETAILS [CLICK HERE](#)

REBOOT is an innovative mobile application that functions as an essential conduit, bridging the gap between individuals and small businesses in search of cost-effective, revitalized electronics, and firms that specialize in the refurbishment and resale of these products.

PROJECT 4

CAMP FIRE - FOR DETAILS [CLICK HERE](#)

CampFire - state-of-the-art e-commerce application, specifically engineered for outdoor aficionados. It presents a streamlined, interactive platform for procuring outdoor gear and equipment. Crafted with an emphasis on user experience, CampFire distinguishes itself through its intuitive interface and user-friendly operation, catering impeccably to the needs of outdoor enthusiasts.
